OFFICIAL GERMAN RECORD OF PRISONERS IN AUSCHWITZ CONCENTRATION CAMP MAY 1940 THROUGH DECEMBER 1944

May 29, 2015 By TruthWillOut In Adolf Hitler: The Greatest Story NEVER Told 13 Comments

These statistics concerning prisoners in Auschwitz camp purport to be taken directly from Soviet archive material, now available on microfilm from the former Soviet Central Archives. Also, a good deal of corroborative material from the German Archives concerning the German State Railways has been located in the German State Archives (Bundesarchiv) and utilized. The railroad was responsible for the transportation of inmates to and from concentration camps and these figures from the Russian files are accurately reflected in the Reichsbahn documents.Another avenue for confirmation exists in the wartime radio intercepts which are known to have been made. British wartime intelligence was eavesdropping on the radio traffic as Auschwitz (and other camps) sent regular reports to the relevant government department in Berlin. These messages were either in plain text or a low-level encrypt and consisted of lists of numbers corresponding to the various prisoner categories.The following derives from the prisoner records of Auschwitz camp from May 1940 through December 1944 in the Glücks complete Concentration Camp microfilm records now located in the Russian Central Archives, Central State Archives No. 187603, Rolls 281–286, as follows:Roll 281, 1940: Frames 107–869
Roll 282, 1940–41: Frames 001–875
Roll 283, 1941–42: Frames 001–872
Roll 284 1942–43: Frames 003–862
Roll 285, 1943–44: Frames 019–852
Roll 286, 1945: Frames 001–329.The Russian microfilms cover all of the concentration camp records from 1935–1945 and the Auschwitz records were compiled from these. Note, however, that each months reportage covers all the camps and there is no such thing as an “Auschwitz file” or a “Bergen-Belsen” or “Mauthausen file.” The Auschwitz material is included in, let us say, the July 1942 file along with other camp entries and compilations.

NUMBER OF JEWISH PRISONERS REMAINING AT END OF 1944: 11,836 PLUS ADMISSIONS DURING NOVEMBER AND DECEMBER 1944

These statistics have been collected and compiled by several people, based on microfilm copies of the original records supplied by Germar Rudolf before his arrest in America and extradition to Germany. There he will face trial for challenging the State's Holocaust

dogma. The contributors to this page have agreed that credit should be given to Rudolf who, however, is not responsible for any errors in transcription or interpretation.Figures for some months are unavailable and the summaries given include only the known numbers. In particular, it is not known whether the " – " entries represent zero or the statistic is missing.When the SS evacuated the Auschwitz work camp complex on 15 January 1945, they left a large number of prisoners behind. Many of these were too old or too sick to travel and they were left in their barracks, guarded by a Polish militia that had been raised earlier by Hans Frank. With the approach of the Soviet army in early 1945, these Polish guards indiscriminately attacked the barracks, with the prisoners inside, using hand grenades and machine guns.The violent animosity of the Catholic Poles to their huge Jewish community is well known. When the Russians invaded Poland, one of the greatest fears of the Polish leadership and the government was that the 500,000 Jewish residents of Warsaw's Nalevski district would rise up against them in support of the advancing Bolshevik armies. Many Polish Jews fled after the failure of the

hind were promptly slaughtered by Poles the German invasion of 1939.Although g Auschwitz inmates in 1945 are not orts put the death toll between 7,000 and have subsequently claimed that many of the dead were shot down by Russian troops as they attempted to leave the liberated camp. The Russians did not like Jews either, remembering their savagery against them during the salad days of Josef Stalin.The truth of the matter will probably never be known but at least this atrocity cannot be blamed on the Germans, who were hundreds of miles away at the time.

Very interesting! I am a German born during WWII. My hometown Osnabruck (150,000 inhabitants) was bombarded by the British with phosphor bombs and destroyed to 70%. I always believed the Holocaust of 6000,000 Jews to be a fact. Now after reading and searching for the truth I have my doubts about this atrocity. Newspaper articles in 1915 and 18 also write about 6000,000 Jews extermination. It is unbelievable to believe that in Auschwitz i.e that they had the capacity to cremate millions in their facilities. Too many questions that I cannot answer nor can anybody give me proof of mass exterminations.

I agree with you my brother. The holocaust is indeed a lie.

But you must understand that while the holocaust against the Jews never happened and was faked by the victors of WW2, there's a real holocaust against our race at this very moment. Multiculturalism is a genocidal scam and it is meant to wipe out our race through assimilation and displacement.

Spread the message. Awaken our folk and save our people.
